Manual Test

Test case: See All Bots button.
1: Navigate to Duel Duo application.
2: Locate See All Bots button.
3: Click button
Expected result:
All bots are listed after the button is selected
Actual result:
The button does not display bots

Bug report:
Wins counter does not increment when a dual is won, the Loss counter increments instead

Bug report:
See all bots button does not register all bots that are available. Though the draw button will sort through all when pressed although only 5 bots can be picked at a time.
